SPRINGFIELD — Shawnee Place Apartments, housed in what was once the Shawnee Hotel, will host an open house Friday, Sept. 11, to showcase the completion of a \$14 million renovation.

The Model Group of Cincinnati will host a show program with the city, followed by a reception and tour, according to Robert Maly, vice president of development.

The downtown apartments, located at 102 E. Main St., offer housing for senior or disabled residents who meet income requirements.
